Profile

As a Frontend React Developer, I've built sleek, responsive web applications that deliver a seamless user experience. I include optimizing performance and creating scalable components using React, Tailwind CSS, and Redux Toolkit. I'm driven by the passion to solve real-world problems through clean, efficient code. With skills in JavaScript, HTML, CSS, Git, and Appwrite, I constantly push the boundaries of web development!

Education

Matric, Allied School, Lahore

Inter, Kips College, Lahore

Bs Software's Engineering , Information Technology university , Lahore

AUGUST 2023 – PRESENT
